

Queen Mary
University of London

PhD's in Particle Physics

- Studentships worth £16,553 per year*
- Research activities on dynamic experiments including ATLAS at the LHC, MoEDAL, T2K, Super-Kamiokande, ICECUBE and SNO+
- Attend the comprehensive University of London Particle Physics Lecture programme in your 1st year
- Member of Data Intensive Science Centre in SEPnet (DISCnet) includes opportunities for 4-year studentships with industry placements.
- Opportunities to work off-site in major particle physics laboratories including: CERN (Switzerland), J-PARC (Japan), SNOLAB (Canada)
- On campus accommodation available to graduate students
- Scholarships available for UK students, potential opportunities for international students**
- Skills training courses and industry links through the GRADnet programme (www.sepnet.ac.uk/sepnet-graduate-network/) and DISCnet
- Detector development and hardware opportunities (eg. silicon detectors, DAQ development)

The application deadline is 31 January 2018

For more information on our research programmes and available PhD studentships, please go to:
<http://pprc.qmul.ac.uk/postgraduate/phd-programme>

Undergraduates interested in our extensive summer internship scheme should also visit our website for details.

For more information about the programme or to attend our Open Afternoon in **December**
(see <http://ph.qmul.ac.uk/phd/phd-open-day> for details) Please contact Jeanne Wilson at j.r.wilson@qmul.ac.uk

*in addition to full payment of fees for 3.5 years **residence and/or nationality requirements may apply
