IPBus Workshop

Murrough Landon
1 November 2012

- Arranged for 28 November at Bristol
  - Six UK participants plus (probably) Uli (+1?) from Mainz
- Intended for both firmware and software aspects
- Details still to be worked out
  - Wishes expressed by L1Calo people so far...
    - Hello world example (FW & SW?) to take home and play
    - Some time for discussion about general CMS upgrades
  - Anything else we should request?
  - Suggestions for the talk/discussion/hands on balance?
