

# Phase 1 Online SW Meeting

- Meeting last week to discuss online SW for phase 1
  - <https://indico.cern.ch/event/471250/>
- Aims and agenda:
  - Very brief intro to TDAQ/L1Calo for newcomers
  - Quick, mainly verbal, summaries of work so far on prototype modules such as eFEX, jFEX, FTM
  - Detailed report on Zynq/IPbus bridge for gFEX by Giordan
- Intentions
  - Future regular meetings, using technical forums for now, to check on progress, share ideas
  - Try to make developments in as common a way as possible
